MEMORANDUM FOR THE DIRECTOR OF CENTRAL INTELLIGENCE

SUBJECT: Hostile Intelligence Services Threat and Evaluation  
of U.S. Countermeasures -- A National Assessment

I appreciate the opportunity to review and comment on the draft 1983 Hostile Intelligence Services Threat and US Countermeasures Assessment, provided under cover of your memorandum of 16 December.

Our comments are attached. In general, we still believe the recommendations need work, not only to focus them more precisely on problem areas, but also to recognize more fully what in fact has already been done.

We look forward to working with you and your staff in completing this important effort.

  
Richard G. Stilwell  
General, USA (Ret.)  
Deputy
